Congratulations!

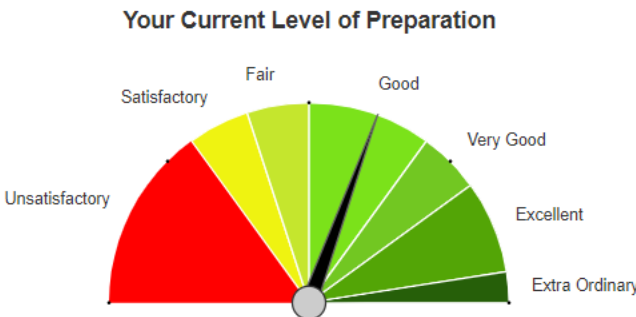

Your performance in Big Bang Edge Test is commendable. However, we feel that you still have a lot more untapped potential which if harnessed comprehensively can catapult you to secure a very good Rank in JEE Advanced. Your performance has given us an insight into your strengths & weaknesses, accuracy, speed and temperament. We believe that through our expertise, guidance, commitment, and our iconic process of Academic Cult Metamorphosis, we will channelise your efforts and hone your weak areas turning them into your biggest strengths. Experience our teaching methodology & secure a best possible Rank in JEE Advanced as per your true potential.

You have been **SELECTED with SCHOLARSHIP** (for details, please scroll down) to enrol in FIITJEE's 'Four Year Classroom Program for JEE Main & JEE Advanced 2026 / e-RAMANUJAN - Four Year Live Online Classroom Program for JEE Main & JEE Advanced 2026 / e-ASCENT - Two Year Live Online Classroom Program / e-Four Year Live Online Classroom Program for JEE Main & JEE Advanced 2026'.

Starting from JEE Advanced 2018, every IIT is supposed to give admission to at least 17% (in 2019-20) Girl students in every stream in IIT. For 17% representation of girls in a course in IIT, most of the girl candidates from extended merit list were offered a stream and the number of seats in the course was also increased wherever it was required. Hence the cut off rank of girls in every stream was lower compared to general cut off.

Hence with this new opportunity, Girl students with the support of FIITJEE training system will get immensely benefitted and can become a strong contender for a berth at IITs.

While the path is comparatively easier for girls, in addition to that FIITJEE has introduced Putri Empowerment - All Girl students will be getting **additional 25% waiver in Tuition Fee**. For details, contact your nearest FIITJEE Study Centre.

You gave the Test from home in Proctored Online mode & considering that you maintained the environment like a real test centre and didn't take any other help, we got a fair idea of your potential on the basis of your performance in the Test. You can see detail analysis of your performance in the Online Admission Test below:

Where you could have been – Your Scope of Improvement!

(Red Line in the graph depicts what your total marks would have been)

After every test, it's important to gauge where you could have been. Had it been the same test, same level of preparation

Understanding the Scope of Improvement:

Loss A- Cautious Attempt: (Takes care of Loss A- Marks lost to Negative Marking)

It has been established over a period of years that every FIITJEE student gets in the habit of attempting paper cautiously and reduces the risk of negative marking. If you attempt each question carefully, you wouldn't lose marks in terms of negative marking and consequently, score much better marks.

Loss B- Smart & Cautious Attempt: (Takes care of most of the part of Loss B-Marks lost to not attempting easy and moderate questions)

Without proper guidance, students don't have the wisdom to identify easy questions and solve them. Instead, they invest more time in struggling with the difficult ones and losing marks due to negative marking. This segment of your paper has been evaluated scientifically and reflects the possible extent of improvement.

Loss C- Reasonable Efforts: (Takes care of most of the part of Loss C-Marks lost to not attempting difficult or wrong doing easy questions)

If a student gets proper environment and strong support system to study then he/she will definitely gain better temperament of the examination and would attempt some of the moderate questions correctly in the stipulated time. The improvement has been
